Neighborhood Association Agenda Item

If your neighborhood association has a problem or question that you would like answered, please write it down (one per month). It will be an agenda item next month and will be researched and addressed at that time. Please be as detailed as possible to explain what you need.

If you have an experience you want to share at the next meeting, that would be beneficial to other neighborhood associations, submit that on this form and it will be placed on the agenda for next month.

Bring concerns from your membership for the following months and they will be placed for the subsequent month's agenda.

Write you concern on the space below and give to a UNOE Staff member at the end of the meeting. Thank you.
