Raising Awareness through Service

at the

WNIN
**SPRING
AUCTION**

This spring, the UNOE Board of Directors and other volunteers from throughout the member Neighborhood Associations will be volunteering at the WNIN Spring Auction on Sunday, April 28 from 5:00-10:30pm. The evening includes dinner and mandatory volunteer training.

While supporting public broadcasting through sharing our time, we'll also gain valuable exposure for our favorite concept: *Neighborhoods*.

Would you like to be part of the UNOE team? A variety of roles are still available including...

- ◆ being an **auctioneer** (energetic, on camera, script)
- ◆ handling the **information phones** (must be 18 yrs & up)
- ◆ being a **bid passer/runner** (10 yrs+)
- ◆ serving as a **bid writer** (on camera; 16yrs+)
- ◆ being a **bid sorter** (16yrs+)
- ◆ assisting through the **warehouse** (16yrs+; lifting, bending)
- ◆ serving in **confirmation** of winners by phone (18+)
- ◆ managing **refreshments** (comfortable with trays of drinks)
- ◆ helping with **data entry**

If you or others from your Neighborhood would like to join the auction team, **please contact the UNOE office by Mon., April 8** at 812-428-4243 (9a-3p) or via email at office@unoevansville.org

Volunteers will also need a UNOE t-shirt with our current logo, so we can have a consistent look around the room and studio, especially when visible on camera. See page 7 for information and a form to order a UNOE t-shirt.

Neighborhood Volunteers Unite

OPERATION: UNITED CARE

a mission of neighborhoods united for a cause

What a fantastic job, everyone! At the time of this newsletter's printing, as a united group of Neighborhood Associations, you've donated **enough individual packages of quality facial tissues to supply BOTH FLIGHTS in 2019** and 60 toward the first flight in 2020 of Honor Flight of Southern Indiana!!

Shopping, donating and collecting were the first steps. Next, comes your opportunity to gather together to apply special labels to each package of tissues to convey our gratitude to the Veterans who will get to go on the upcoming Honor Flights.

Let us know at the office if we can expect you...

Prepare Now for Your Neighborhood's Role in the 2019 Neighborhood Celebration Day

June 15, 2019 is **Neighborhood Celebration Day** at the Franklin Street Bazaar. This special day has been set aside to create awareness of what neighborhoods do.

Neighborhood associations are invited to set up a booth and share an activity or game during the event.

At your booth or table, you can do pretty much whatever activity you'd like, just no sales. Prizes are always a hit. Western Terrace is doing temporary tattoos for the kiddos. Another booth is doing chalk and coloring pages. You can pass out newsletters and show pictures of what your association is doing, while visiting with those who come by the booths.

You should bring your own helpers, tables, chairs and activities. If you have a canopy that would be great. Otherwise neighborhoods can be together under available tents.

If you're having a hard time coming up with ideas, we'll connect you with others who've been doing such events for a while.

Set up is to be completed by 8:45.
 The event is 9:00am - 1:00pm.

Spring Safety Tips from EFD

With spring comes a feeling of renewal. Families everywhere begin cleaning out their basements and garages. Windows are opened, flowers bloom and the days grow longer. This is a good time to review a safety check list for your home.

Smoke Alarms

Smoke alarms save lives. You should test them monthly and replace the battery at least once a year, according to the National Fire Protection Association (NFPA). If the alarm makes a chirping sound, replace it immediately. Smoke alarms should be located in every bedroom and in the common areas on each floor of a home. Mount them at least 10 feet from the stove to reduce false alarms, less than 12 inches from the ceiling and away from windows, doors and ducts. Three out of every five home fire deaths resulted from fires in homes with no smoke alarms, according to NFPA.

Carbon Monoxide Detectors

Carbon monoxide (CO) is an invisible, odorless gas, and it can kill you. Anything in the home that burns fuel can potentially become a source of carbon monoxide. CO alarms should be installed in a central location outside each bedroom and on every level of the home. The safety tips for CO detectors mirror those of smoke alarms: change the batteries and test them.

Family Emergency Plan

Spring is a great time to review your plan with family members to make sure they know what to do. The emergency plan should include:

- A **communications plan** as to how your family members will contact one another if they are not in the same place and where you should meet if it's safe to go outside
- A **shelter-in-place plan** if outside air is contaminated; FEMA recommends sealing windows, doors and air vents with plastic sheeting
- A **getaway plan** including various routes and destinations in different directions

Have a home and car emergency kit. The Federal Emergency Management Agency says an emergency kit should include one gallon per day of water for each person, at least a three-day supply of food, flashlight and batteries, first aid kit, filter mask, plastic sheeting and duct tape, and medicines.

Visit the FEMA website for a complete list:
